65, Periya Kaliamman Kovil Street, Virudhunagar-626001

CAREER OBJECTIVE:

I'm seeking an entry-level UX&UI designer position. Skilled in conducting user research, creating wireframes, and developing interactive prototypes using tools such as Sketch. Passionate about creating intuitive and user-centered designs that solve real-world problems. Created interactive prototypes using Figma and Adobe XD to communicate design concepts to stakeholders

SKILLS

- Interaction Design: Wireframing, Prototyping, Responsive design
 - Visual Design: UI design, typography, color theory
 - Tools: Sketch, Figma, Adobe XD and Canva
 - Programming: HTML, CSS, JavaScript
-

INTERNSHIP

Indie Spirit Technologies
Web Developer Intern

August 2022 - August 2022

Gained Hands-on experience in developing responsive web applications using technologies like JavaScript. They worked on a Library Management system, demonstrating proficiency in front end development, UI/UX design principles and collaborating with a team to deliver a functional and user-friendly application.

RELEVANT PROJECTS

E-Commerce Website

This project forced on UI/UX design. They were responsible for creating intuitive and visually appealing user interfaces, ensuring a seamless experience across various devices. Their work involved wireframing, prototyping, and implementing design elements that enhanced the site usability, making it easier for customers to browse products, make purchases, and navigate the platform efficiently.

Gym Website

This project forced on UI/UX principles to create an engaging and user-friendly interface. The design emphasized a clean layout, intuitive navigation, and visually appealing elements that align with the branding. Key features included bold imagery, clear call-to-action, and responsive design, ensuring an optimal experience across devices.
